1	▼ Project Management		<div></div>												
2	▼ Initiation		<div></div>												
3	▼ Define project scope		<div></div>												
5	Identify stakeholders		<div></div>												
4	▼ Planning		<div></div>												
6	Planning		<div></div>												
7	▼ Analyzing and Project Topic Finalizing		<div></div>												
8	▼ Project Topic Selection		<div></div>												
10	Research potential topics		<div></div>												
11	Analyze feasibility and impact		<div></div>												
12	Finalize project topic		<div></div>												
13	▼ Requirements Gathering and Finalizing		<div></div>												
14	▼ Requirements Gathering		<div></div>												
15	Analyze industry needs		<div></div>												
16	Review existing solutions		<div></div>												
17	▼ Gather requirements from surveys			<div></div>											
18	▼ Making the Google Form			<div></div>											
20	Design survey questions			<div></div>											
21	Create Google Form			<div></div>											
22	Distribute form to target audience			<div></div>											
19	▼ Finalizing Research and Google Form Data				<div></div>										
23	Collect responses				<div></div>										
24	Analyze data					<div></div>									
25	▼ Requirements Documentation					<div></div>									
26	Document functional requirements					<div></div>									
27	Document non-functional requirements					<div></div>									
28	▼ Finalizing Requirements						<div></div>								
29	Revise based on feedback						<div></div>								
30	Final approval of requirements						<div></div>								
31	▼ Wireframe and UI Design				<div></div>										
32	▼ Wireframe Designing				<div></div>										
33	Start the wireframe designing				<div></div>										
34	Review and iterate on wireframe				<div></div>										
35	Finalize wireframes				<div></div>										
36	▼ UI Design - Stage 1				<div></div>										
37	Start the UI designing				<div></div>										
38	Review and iterate on UI designs				<div></div>										
39	Finalize initial UI designs					<div></div>									
40	▼ Project Proposal					<div></div>									
41	Making the Project Proposal					<div></div>									
46	▼ System Design					<div></div>									
47	Architecture Design					<div></div>									
48	Database Design					<div></div>									
49	API Design						<div></div>								
50	Security Design						<div></div>								
51	▼ Development						<div></div>								
52	Frontend Static page Implement						<div></div>								
53	▼ Features Implement						<div></div>								
59	Configuration Server						<div></div>								
62	Api gateway service						<div></div>								
54	Authentication Feature						<div></div>								
55	Admin Feature							<div></div>							
56	Organization Feature							<div></div>							
57	Student Feature								<div></div>						
58	Project Feature									<div></div>					
63	▼ Testing						<div></div>								
64	Unit Testing						<div></div>								
65	Integration Testing							<div></div>					<div></div>		
66	End-to-End Testing								<div></div>				<div></div>		
67	Deployment													<div></div>
